Julie,

Well, here we are ... Juniors! We're almost there. I guess I'll have to start with Remember?(HA) Seriously, remember all the fun we had in volleyball last year? Yelling "Julie Braun setter" and "Chelley Christensen setter" to let everyone know we were a part of that spike that went over! And practising setting on our knees! How impressive huh?!? And track! Now that was funner yet! All the timed runs we did! Just be glad this year, you won't be running against a favored senior pet like last year! So bad I can't go out huh? And our great PE team - Give Alive! Don't forget all our discussions in English this year and what's happening outside the window! "Hey the Coke Man". And Mr. Dalligan's Red Socks + "The Pumpkin Man"! Well, keep up the good work in sports, guys, and school! Thanks for being a friend! PS It was NOT our fault for CHL (setter!) losing to Lyons this year either! GOOD LUCK!

Graduation

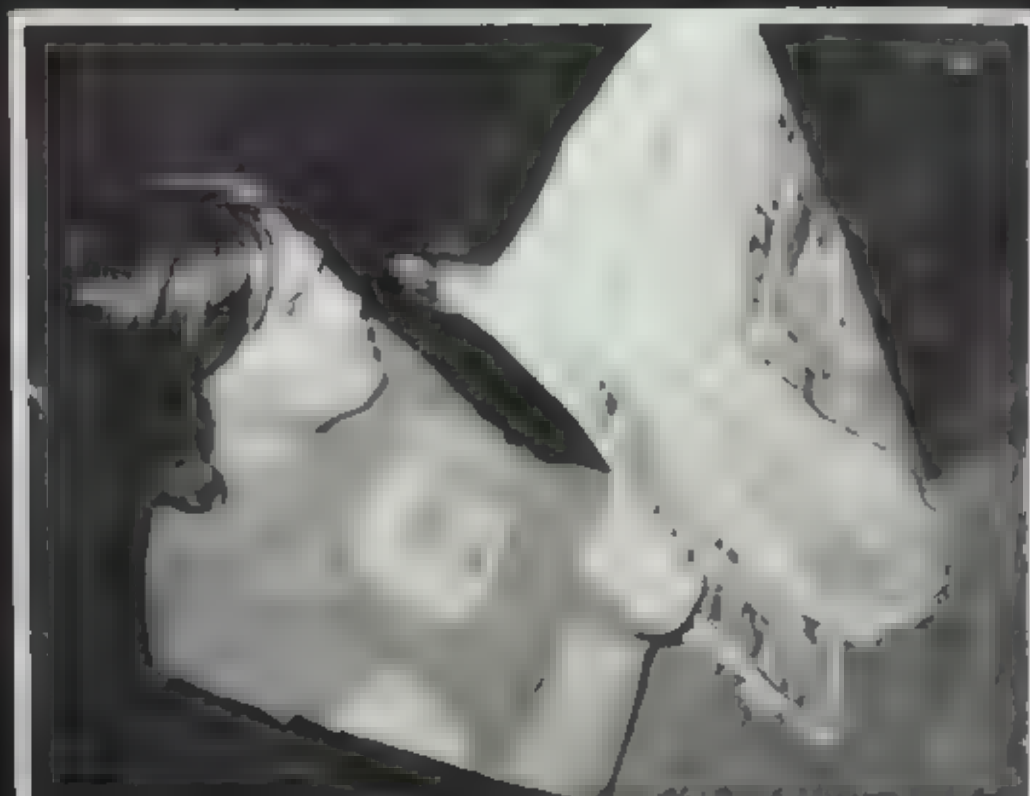

Fifty-one seniors graduated from Logan View High School in a combined baccalaureate/commencement ceremony on May 17, 1981. The seniors were dressed in robes of their chosen class colors, maroon and champagne. Reverend Higgins gave the invocation and the senior class president, Debbie Fauss, gave a welcome. Next, the seniors played for their last time in the band a selection entitled "Spirit of Pageantry" by Percy Fletcher. Laurie Heusel, class salutatorian, spoke followed by class valedictorian, Vickie Vaughn. The Chamber

Choir sang a selection entitled "Movin' On." Reverend Merrick gave a sermon to the departing seniors and then students earning scholarships received recognition from Mr. Huwaldt. Mr. Schrieber announced honor students and their parents. Mr. Gaston presented the class for graduation and then Mr. Janssen presented diplomas to the class. The graduates were also congratulated by Mr. Galligan who presented each with a white rose tipped in red, their class flower. Reverend Higgins then gave the benediction and the seniors departed.

The Logan View High School concert band presented a spring concert in the gym. Several selections were played from marches to medleys of popular music.

At Christmas, the Chamber Choir, stage band, and brass choir sang and played several tunes which were recorded and later broadcast over KHUB am radio in Fremont. Throughout the year, these small groups and others performed at various church and civic functions in the surrounding area.

In the spring, the band and several small groups and soloists attended district music contest at Tekamah-Herman High School. Overall, there were nineteen I ratings or superiors and five II's. This is the second highest number of I's and II's received by Logan View at district music contest. Nancy Bopp and Leha Uehling received a I for their piano duet. Soloists receiving I's were Leha Uehling on piano and clarinet, Annette Wesely on tenor saxophone, Gail Mallette on trumpet,

Becky Thernes on French horn, Virginia Dam on alto clarinet, and Gay Bartling and Sherry Licht on tuba. The Men's Chorus debuted at contest and received a superior rating for their efforts. The men also sang on Awards Night.

No week went by that some music group wasn't performing for some church, civic, or school function. The band's activities this year included Pershing Marching Band Festival, State Band tryouts, Christmas and spring concerts, pep band (which played at home boys and girls basketball games and tournaments), EBO, district music contest, and special music at baccalaureate and commencement. As the year ended, underclassmen were preparing for summer activities which include several parades and Hooper Trail Days.

Band On The March

(Above) For the first time in Logan View history, the marching band participated in the Nebraska State Marching Band Festival at Pershing Auditorium in Lincoln on October 25th. Practicing for this event was the major emphasis of the first 9 weeks of school. Not only did the band have to practice their marching drills, but they had to memorize their music, which consisted of "The Original Thirteen," "I'm Just Wild About Harry," "Chicago," "Reach Out," "Longer," "You Little Trustmaker," and "Escape." All this hard work paid off though, as the band received a Division II rating for their efforts.

Upperclasswomen Travel To Grand Island

Five girls were chosen to participate in the NSEA State Band and Orchestra which was held November 20, 21, and 22 in Grand Island.

During the three day period, the band and orchestra members practiced two hours every morning, afternoon, and evening. The event concluded with a concert which was open to the public on Saturday night.

A pep club council, elected from two members of each class, met once a month and made decisions about such things as uniforms, sales of pompons and booster pins, and attendance of games and meets. In order to letter in pep club, a member needs to be in attendance at two-thirds of the football games and two-thirds of the boys' basketball games or wrestling meets. Seventy-eight girls lettered this year.

Three pep club members, Tammy McManigal, Laurie Heusel, and Vickie Vaughn, and Mr. Huwaldt, organized the cheerleading tryouts which were held in the spring for the election of the 1981-82 cheerleaders.

Golf is a game in which a player uses clubs to hit a small ball into a hole at least 100 yards from where he tees off. The object of the game is to hit the ball as few times as possible while moving it toward and eventually into the hole.

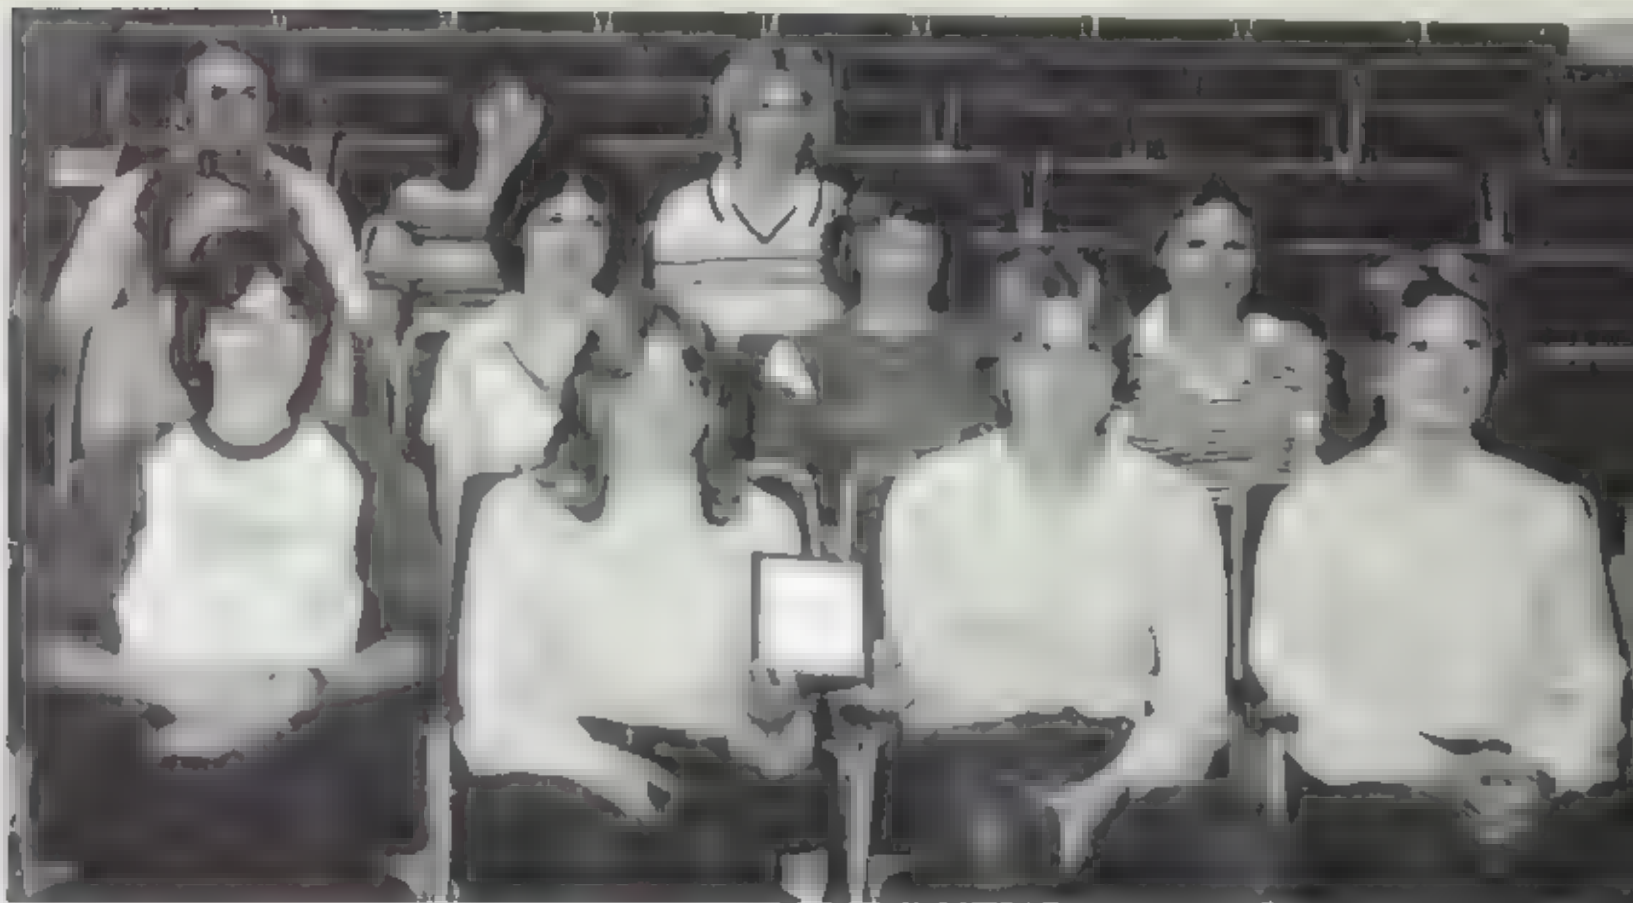

Games of golf are usually composed of a round of nine or eighteen holes.

The Logan View golf teams practiced at the Elkhorn Valley Golf Club in Hooper every day after school during the spring and on weekends. Individual effort is required in this sport and the more a player practices the more he improves his playing techniques but, like any sport, any small lack of concentration can cause a bad shot and therefore fault or ruin his game, since each stroke is so important.

Our golfers performed well this year, as in the past, and so we say congratulations!

Homecoming

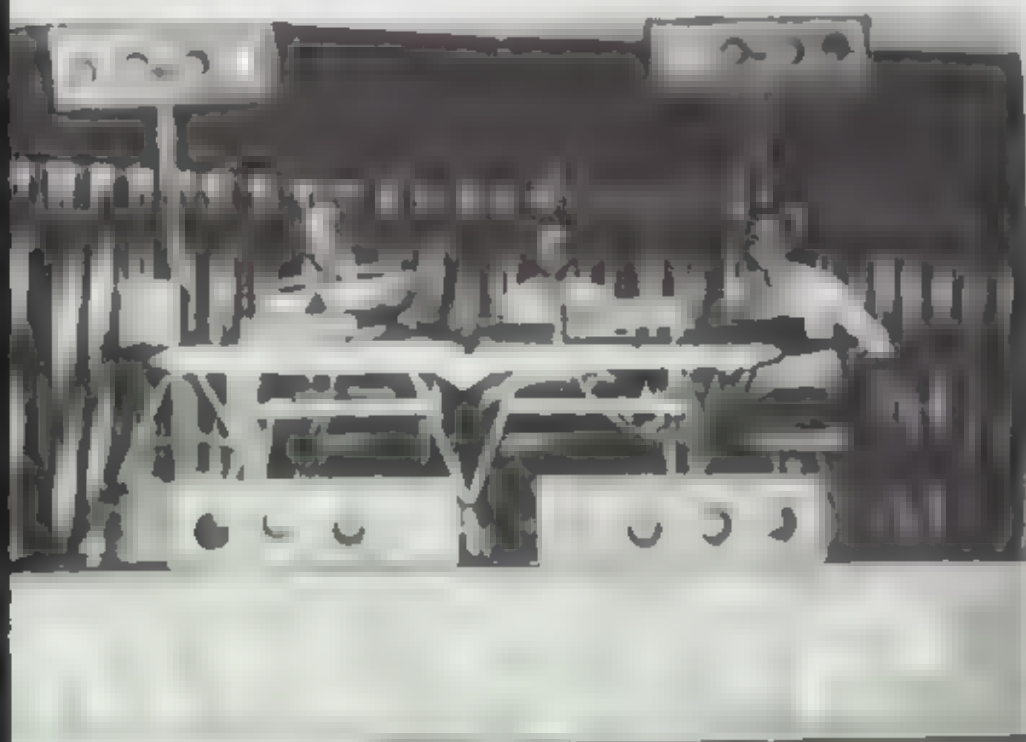

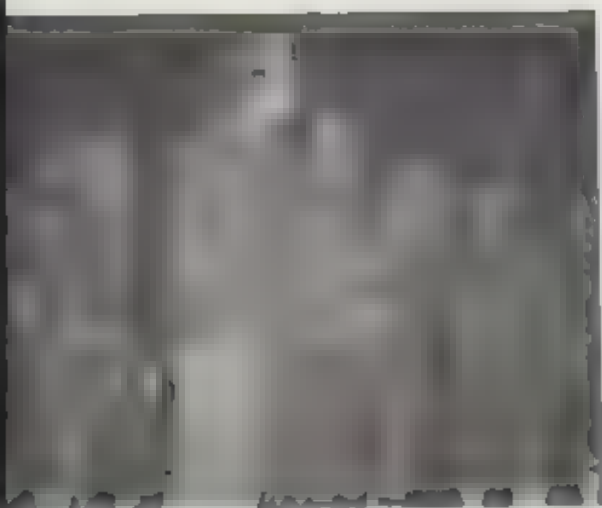

Tammy McManigal and Brian Sweet are crowned 1980 Homecoming Queen and King by last year's royalty, Mike Moeller and Linda Popken.

Dawn and Melissa await the Raiders' entry onto the field.

HOMECOMING CANDIDATES front: Brian Sweet, Andy Adair, Lon Peterson, Joe Gillett, Wayne Popken, Dean Thernes; back: Tammy McManigal, Lori Schulenberg, Martha Crull, Peggy Lindgren, Vickie Vaughn, Gayle Plessing.

On October 3, 1980, the Raiders faced the Lyons Lions in the Homecoming game. At halftime, the Homecoming candidates were presented to the large crowd and everyone anxiously awaited the announcement of the new king and queen. The crownbearers, Kari Sanders and Greg Berner, presented the crowns to last year's king and queen, Mike Moeller and Linda Popken, who then crowned Brian Sweet and Tammy McManigal the 1980 Homecoming King and Queen.

After an exciting 7-6 victory over Lyons, our first Homecoming win in four years, a dance was held in the gym. The Homecoming royalty were presented at the dance. Mike Rivers, Omaha disc jockey, presided at the dance and played pop tunes including Air Supply's "All Out of Love", Billy Joel's "It's Just a Fantasy", and Queen's "Another One Bites the Dust".

The Logan View FFA and FHA chapters sponsored the 1981 Sweetheart Dance. The week preceding the dance had a dress code. Monday was overall-slop day. Tuesday was red and white day-red and white are the FHA's colors. Wednesday was personality day, when the students dressed like their favorite TV or movie stars. Thursday was Career Day on which the students dressed like they would in their chosen profession. Also on Thursday, a coffee was served by FFA and FHA members to the faculty. On Friday, cookie grams, which had been previously ordered and baked by the Home Ec classes, were given to the sweetheart or friend of one's choice.

The Sweetheart dance was held on Saturday night, February 14. The Velvet Haze band played for the dance.

Prom 1981

The Junior class spent the Friday before Prom decorating the gym, cafeteria, and hallway. The hall leading to the gym was decorated by a tent of dark blue paper. The gym was decorated like a Paradise Island. There were fish nets hanging from a wall and below them was a boat filled with seashells. A grass hut was located in the center of the gym surrounded by palm trees which also provided shade for a swing. At the far side of the gym was a glimmering waterfall.

The Banquet began at 6:30 p.m. with toastmaster Joel Willnerd introducing speakers. Lee Bohling read the class prophecy and Mike

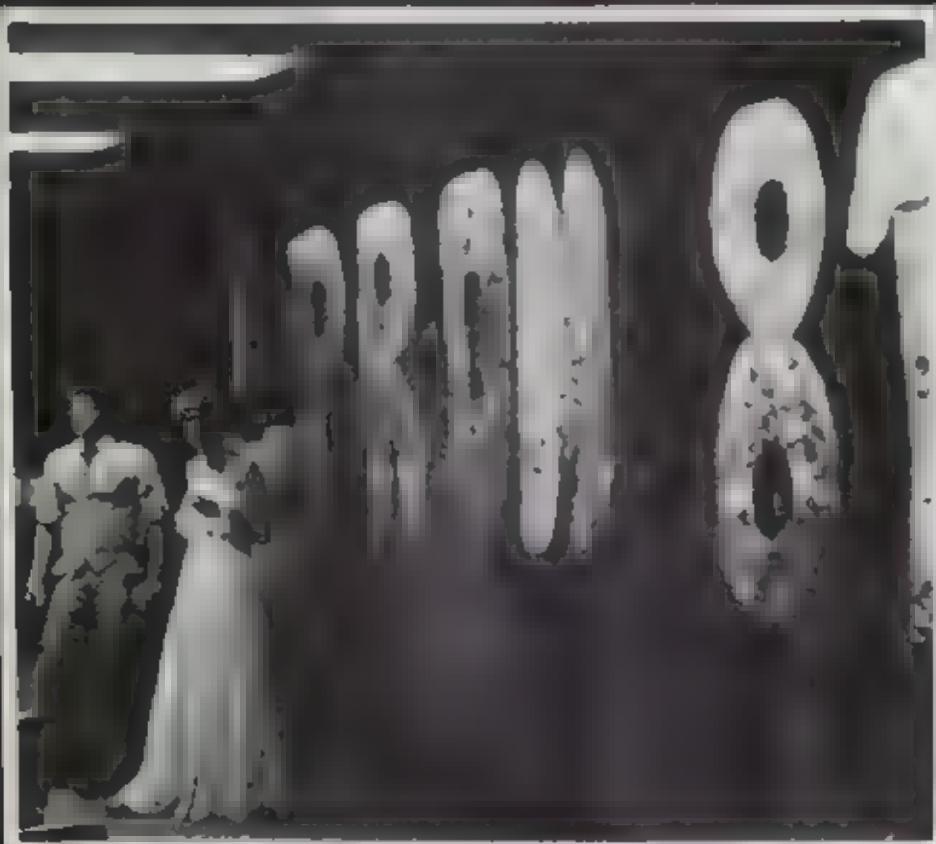

Janssen read the Senior Will. The Junior mothers provided a delicious meal of Swedish meatballs, scalloped potatoes, peas, lettuce salad, and sherbet with sugar wafers. The meal was served by the sophomore waiters and waitresses by singing a song fit to the tune of Barry Manilow's "It's Just Another New Year's Eve." The words of the song told a about prom and the leaving of the seniors. Jill Uehling played the piano and Jon Heusel played the guitar.

After the banquet, a dance was held in the gym with music provided by Bittersweet.

One day in the summer of 1965 my friends and I took a trip around the States. As we were driving down the interstate, we pulled off at a roadside recreation area and we saw the Waylon band setting up for a concert. We got out and started to walk around. To our surprise, there, getting out of the lead bus, was the manager of the Waylon band Scott Weichel, a former member of the Class of '81. We got to talking and guess who walked up but another member of that class, Johnny Sullivan. We found out he ran the recreation sight, the whole 1350 acres. It was getting late so we decided to load up and be on our way.

We thought we would first go to Colorado skiing for a few days. It was late at night so we pulled over to a place called "Kelly's Shelly." It was a place where you can rest, eat, and get gas. We didn't think anything of the sign at the time. After we pulled in we thought we should get the car checked and put some gas in. We waited in line to get gas, and as we waited a man in grubby overalls was filling cars. Our car was next so we got a closer look at the man and to our surprise it was Kelly Anderson. After we talked about his past since high school, he said that after two years of college at Southeast he decided to move to the mountain area and go into the food and gas business. Two servicemen were checking our oil and tires. We were really surprised to find that it was two old members of the Class of '81, Kenny Rice and John Bechtel. They joined Kelly's enterprise of gas stations a couple of years ago. We left the gas station and went to a place called "GEORGE'S", a place of quality chicken. We were seated by our hostess, Nancy Zoucha. The owner was Gregg Ottoman, who had lots of experience with chicken in high school and still has. He has tried different kinds of chicken but thinks that Nancy's way is best. She makes chicken in her own way. Nancy mixes the batter with "aged fruitloops." She had started that aging process before graduating.

As time passed, we went back to the motel where we saw the bellboy, Marty Brown, taking luggage to rooms. He said he went into business because of his learning experience in General Business. When we were walking upstairs, we saw an elegant art exhibit with Gayle Plessing, Sue Steevens, and Sandy Bada in it. We saw that Gayle got ahead in life by all the extra work she did in high school.

As morning arrived, we headed west into the mountains. When we arrived at the ski lodge, we asked the desk clerk if they had a ski instructor that could show us a few things in order to ski. Right away she mentioned Dean Thernes. Could that be the Dean Thernes from the Class of '81? Well, fortunately it was. Dean has loved skiing ever since he went with his church group in 1961. Dean figured that in Colorado he could ride his snowmobile, stay dark, and ski all in one.

After skiing we went to the ice rink and saw a

rather trim instructor who was yelling at little children. We heard her say, "You have to do the sparrow step perfect like I do, so watch me." As she turned around we saw that it was Jill Marreel. We really didn't get to talk to her because she was so busy with all her affairs.

We left Colorado and thought we should stop along the way for a little break. We ended up in a small town where the local girl had won Miss Universe and the town was having a celebration and parade. To our surprise, the girl was Nancy Bopp. I guess getting Sweetheart Queen and Beef Feeders Queen was a big start for her. We decided to join in and watch the parade. The head clown came over and started joking around and we knew by the goofy laugh it was Brian Sweet, the class clown of 1981.

When we got to Hollywood we bought a daily paper. We wanted to find some excitement in the town so we looked under the entertainment section. At the Cinema 6 "The Escape of Grossburger" was playing starring Jim Geibel. He didn't have any prior acting experience but was perfect for the role. Also playing was "The Jerk-Book II" starring Michael Janssen. He had plenty of practice filling the part of the jerk in high school, during class, out of class, and on weekends. Down the street we saw at a high fashion beauty shop a sign that said "Come in ugly, go out beautiful". Karla Pearson, a former member of the Class of '81, had become a beautician. Karla told us that she had entered beauty school in Omaha after graduation from L.V. She was very adept in her work, having received some experience with the cowhides on their farm. Karla also mentioned Theresa Cookman was one of her assistants. As we left the beauty shop we thought we would visit UCLA. When we got there we saw Guy Darnell and Vickie Vaughn coming down the hall. They told us that they'd become professors after all the things they'd learned at Logan View. Guy told us that Sherry Licht was also at UCLA learning how to write articles for newspapers rather than just scribblings. We asked Vickie where her high school sweetheart was and she said that Wayne (Popken) had opened his own dentist shop in New York.

After a long day in Hollywood, we decided to go to New York. Our first stop was Broadway and who do you think we saw first? Leha Uehling was playing the piano and Becky Oerman was dancing up a storm with her partner, Joel. While driving through the city, a car zoomed past us and we got a quick glimpse of the man driving and recognized him as Mike Mines. There was another person in the car; it must have been one of his latest girlfriends. The car pulled in at Ward's Body Shop with a screeching halt. A man in greasy coveralls came out of the shop and examined the mutilated car. He shook his head and right away we recognized him as Jeff Ward.

He said that he would fix the car but the parts would come in a variety of colors and the merchandise might be hot. We thought we'd better go because our car was gradually disappearing before our eyes.

We read in the paper that the Olympics were being held in New York City this year. We decided to go to the Games and we even decided to pick our winners of the 100 yd. dash and the marathon race.

Joe Gillett, the man we had picked, won the 100 yd. dash. We also picked the marathon winner, Gene Rasmussen, who won by a nose.

After leaving Joey and Gene, we decided to go to New York's Care Center where we heard one of our older teachers was. When we got there we went to the front desk for information about the room numbers. To our surprise, at the front desk was a girl from the Class of '81, Roseanne VonSeggern. She said two other classmates worked there too, Nicole Heintzelman and Penny Beaumont. As we were standing there talking to Roseanne, another member of the class of '81 came in. It wasn't any surprise to us; Andy always did go for the older girls. Roseanne also mentioned that another classmate, Martha Groll, had gone to UNL for 4 years and is now the leading RN at the top hospital of the world in Los Angeles. Brenda Peterson was at the same hospital after becoming a medical secretary.

After leaving New York, we took a plane to Iowa because we had heard that a graduate of the Class of '81 was living there. After getting there we picked up a newspaper and to our surprise, right on the front page, the headlines read "Class AA High School Wrestling Team Takes State". The coach of the team was Tim Brown. The team had taken six wrestlers to state and all had won first or second place.

While eating in a cafe, we saw Melvin Nichols and Dawn Mattson walking down the street, heading for their class in self-improvement. While going to their classes they both met rich friends that seemed to change their outlook on life. They mentioned Mark Rowe had gone into a million dollar business making Monte Carlo into four-wheel drives and calling them "Turbo-Mobilon". They also mentioned that after Tim Wagner had graduated from L.V., he joined Mark to help him out of "tough" holes.

We stopped at Lincoln on our way home and saw Vernon Kasmair who has now become a house cat to chase first rats. We also heard in Lincoln that Brian Lindgren is still trying to teach Levi Luther to ride inside of corn instead of outside of them.

We saw Susan David, who had become a torpedo instructor in the Navy, and Michelle Hays leaving the store with the family she and Dan had started, as we drove through Nickerson. Driving through Winslow we saw Laurie Howell who is now the security guard at the Winslow State Bank. It seems that Winslow has had many losses and they needed some kind of security.

We stopped at Lagan View and we saw that Levi Schulerberg is now the track coach replacing Miss Ahrens and Debra Paine is the head Volleyball coach replacing Miss Ahrens since she is now starting a family of her own. Deb and Levi are now following in her footsteps.

The girls mentioned that Toby Miller is the president of Hoegemeyer Hybrids Inc. of Hooper, Nebraska. The only thing is that he needed a police escort to get to work because of all the girls chasing him. Sandy Meyer is at home with her family but she also opened up a care center in Hooper.

In Uehling, we saw that Tammy McManigal was still working in the Uehling cafe. Peggy Lindgren is also in Uehling. She opened up her own beauty shop after she finished college in Iowa and in Nebraska.

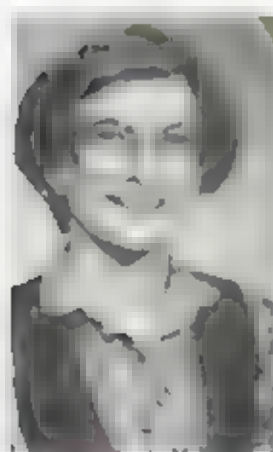

It was a Saturday night so we thought we could spare a few moments to drive through Hooper and see who was cruising the town. To our surprise Len Peterson, a person who always said that alumni's driving through town is dumb, was driving around. We did get to talk to him for a few minutes but he had to get home by 12:00 on the dot. It was no surprise to us, because Len was one who always made sure he was home on time.

It was getting late and we were all tired from our long trip so we all split up and went our own ways but we will never forget what we found out about our class of '81 some were surprises others not so surprising.

Dear

Julie,

I am glad to see you out of the place.
I can wait. Don't know when you headed to
good luck in whatever you decide to do. I hope
to pray you don't have anyone like Bonnie
spoiling you down. Boy after reading the stuff
I'd hope I know why I never signed your book.
We have been getting along well lately, not
like the old days huh? I hope it stays that
way. Keep on going.

Dear Julie,

Julie,

Well I guess you could say we're doing pretty good! We've made it to our junior year now let's hope we finish it! You and me have become pretty good friends (not on and off like when Mike and Jammie used to go together, that was ridiculous!) There have been a lot of times that I would get down (like in sports) and you would be right there to cheer me up! I wish you the best of luck in everything mostly track and volleyball. Remember if you ever need a friend just yell for me, I hope we can still have our little "chats" during track, like last year! I hope you have a super year as a junior and even better next year! Keep up the great work!

Julie,

Well, what can I say, ... we're finally juniors, and that's a biggy. When gone through 11 years of school. That's a long time if you really think about it. I remember when I call you up to see if your mom would let you come down to play. Remember when Mrs. P. taught us before she moved. & when we got into trouble for writing on the back of the roster cover boards. I still have the doll doll left. She has red red hair. And our faithful friend who always told on us and ended getting in trouble for telling on us anyway herself. I'll never know what happened to Mr. Potter. She must have moved or something. Remember when we'd have to get milk from the school! Well we've come a long way together. ~~you're really good in sports, cute, sweet and I don't know what do do with out ya.~~ You'll never know how much I love you. Keep up the great work. Love ya/ lots!
